Helpful Information about your Tuxedo Rental

Payment: For your convenience include your credit card number using the attached form.

First Fitting: To obtain accurate measurements, please take this envelope to a local tuxedo specialist or quality men's clothing store no later than four weeks prior to the event. At that time, the local specialist will take the following measurements for your tuxedo rental. A quality fit for your tuxedo begins with quality measurements. (Please leave the measuring up to a professional - don't try this at home!)

Final Fitting: Please try on your tuxedo at the location from which you are picking it up. This will help to insure that any adjustments that need to be made to your rental garments can be handled promptly and that no last minute surprises will occur with your tuxedo!

Return: Your tuxedo rental is due back the first business day after the event.
